Re: Passaic Valley Sewerage Commission
Standby Power Generation Facility
Permit Activity Number: BOP210002
Program Interest Number: 07349
Decommission of Two Grit and Boilers Designated as U7

Dear Ms. Alexander:

In accordance with Reference No. 6 and Special Condition No. 5 of the Passaic Valley Sewerage Commission's ("PVSC") Air Pollution Control Permit Significant Modification, PVSC is required to decommission the two Grit and Screenings Boilers designated as U7 Grit and Screening Boilers 1 and 2 by December 31, 2025.

This letter serves to notify you that the two boilers have been decommissioned. Attachment A demonstrates that the natural gas service has been physically disconnected from the two boilers. Attachment B is correspondence with Zurich Resiliency Solutions indicating that the two boilers have been decommissioned. Zurich Resiliency Solutions is a third-party inspector for the Department of Labor and Workforce Development, Mechanical Inspection Bureau of Boiler and Pressure Vessel Compliance.

With the decommissioning of the U7 Grit and Screening Boilers 1 and 2, PVSC will be submitting a minor Title V Permit modification requesting their removal from the Title V Permit.

This correspondence will also be furnished to the Ironbound Community Corporation and posted to PVSC's website.

Ms. Jillian Alexander

Lino & Tom,

See email below about the decommissioning of grit and screen boilers.

Regards,

Keith

Hi Keith-

I have already changed the status of these objects in the jurisdictional system. This database automatically informs the state, no further actions are needed on your end. Unfortunately, there is no formal communication given to the customer for this process.

Subject: [EXTERNAL] Grit and Screen boilers decommissioned

Amanda,

Do we get any kind of paperwork from you for the Weil McLain boilers JURISDICTION NO.- NJ162004-13H , NB/Serial No.- CP6735801 and JURISDICTION NO.- NJ162005-13H , NB/Serial No.- CP6708007, Grit and screen boilers being decommissioned? Or do I just inform Karen Marshall and or Michael Amuzie that P.V.S.C. has decommissioned these boilers? Please see attached for pictures of old certificates for these boilers.
Please advise ,

Thank you,

Keith Bokor
