a. Total number manufacturer's awarded 15.

b. Delivery Period for Equipment Stock to 10 Calendar Days.

Delivery Period for Spare Parts Stock to 10 Calendar Days.

NOTE: The delivery period must be completed or the bid will be considered non-responsive.

2. The P.V.S.C. is exempt from paying any New Jersey State and Federal taxes.

3. Prices shall be net including all transportation charges fully prepaid by the vendor F.O.B. Destination.

4. The term of this contract is for a two (2) year period beginning August 1, 2023, and extending thru July 31, 2025. All prices shall hold firm, and not subject to increase during the term of the contract.

5. The Commissioners do not warrant any minimum or maximum quantities, and no minimum delivery dollar amount shall be acceptable. Material will be ordered as needed, and the vendor will only be paid for the actual material delivered at the appropriate bid prices.

6. The vendor is not required to bid on every manufacturer or item shown on the vendors bid sheets. For the items he wishes to deliver the vendor shall fill in the discount off the manufacturers list price for either (A) new equipment or (B) spare parts. The vendor may bid on either one or both of these items (A or B).
7. The bidder shall complete the "MANUFACTURES PRICE LIST DATA" sheets enclosed in the proposal for all the items he bids on. Failure to complete this form will require that the bidder be considered "Non Responsive" for that section.
8. Any manufacturer, brand, model, and/or any other proprietary trade name indicated on the bid by the PVSC serves to define the specifications of the items the PVSC wishes to be delivered. An approved equal may be furnished. All equals or exceptions submitted by bidder shall be cataloged and referenced to the PVSC specifications, and manufacturer's published technical bulletins. The documents shall be with the bid proposal and labeled identifying the Section and manufacturer to correspond with the Vendors Bid Sheets. The information shall be legible and complete in every detail. Failure to submit any of the said technical data in the prescribed manner shall render the bid proposal for that section "Non-Responsive".
9. The vendor must submit the manufacturers latest published suggested price list (list price) along with a catalog, for bid evaluation. The Catalogues and Price lists must specifically coincide with the manufacturers' equipment indicated in each section on the bid. Catalogues and Price list must be clearly labeled and identified to correspond with the "Sections on the vendors bid sheets. If the catalogs and price list are not identified properly the bid for those sections will not be evaluated. The latest manufacturer's price list will be used as a basis in awarding the bid to the qualified bidder.
10. Upon notification of an order from the PVSC, the vendor guarantees that the items he bid on will be delivered or the services will be furnished within the specified days on the bid from said notification, unless prevented by strike or strikers which prevents delivery of materials or service. Should any order or orders be unfilled as of the agreed delivery date, the buyer reserves the right, upon notification to seller, to cancel this order or orders either in whole or in part without liability to the buyer other than for payments for that portion of order or orders already delivered and accepted. The Commissioners reserve the right to seek any redress for damages under the Default article of the contract.
11. The Commissioners reserve the right to award this contract on a per item basis, or per section or in total, or they may accept any alternative that they deem to be in their best interest, or they may reject all bids.
12. After delivery and acceptance by the PVSC the vendor shall submit a bill for the items delivered, and the Commissioners at their next scheduled monthly meeting will pay the amount due.

13. All proposals shall be filled out by Handwritten Pen, in black ink, or Typewriter, and must be legible. All corrections made after the bid is prepared must be made in ink, be clearly legible, and must be initialed by the person authorized to sign the bid. Failure to follow this procedure is grounds for rejection of the bid item.

14. Bidders shall sign the bid, signed by an authorized representative of the bidding firm.

15. Upon award of a contract or any part thereof, the vendor shall furnish the PVSC with a performance security for the term of the contract. The performance security may be in the form of cashier or certified check, or a performance bond issued by a surety licensed to do business in the State of New Jersey. If the vendor elects to provide the specified bid security in lieu of a performance security, the bid security shall then become a bond for the successful bidder, and will be returned to him upon completion of the contract. Failure to submit the required performance security may be sufficient cause to cancel the contract and access the vendor for any cost incurred by the PVSC.

16 All hazardous material whether sold, delivered, and/or used to perform a service on the P.V.S.C. site, shall be properly labeled in accordance with the New Jersey Worker and Community Right to Know Act (P.L. 1983, C315, N.J.S.A. 34:5A-1 et seq.). The bidder shall include with his bid proposal the Material Safety Data Sheets, for all the products that he intends to deliver to the PVSC under this bid. The vendor shall comply with these terms otherwise his bid will be disqualified.

Hazardous materials not complying with this act will cause the P.V.S.C. to reject shipments or deny the use of such materials on its site. The vendor shall be responsible for any cost incurred for materials found not to be in compliance with the act. The P.V.S.C. will make the sole determination if this act is being violated, and the vendor shall abide by this decision. Violation of this act may be considered an abandonment of the contract, and the Commissioners may seek redress under the Default Article of the contract.

17. Providing a vendor is awarded a contract or any part thereof, he shall provide the Passaic Valley Sewerage Commissioners with a Certificate of Insurance indicating coverage for the following: General Liability Insurance; Automobile Insurance; Workmen's Compensation. These certificates of insurance shall exist for the term of contract.

NOTE: The vendor shall clearly mark on the outside of the envelope containing his bid: the bid number, contract name, and bid opening date. Failure to follow this procedure is grounds for rejection.

CERTIFICATION OF EXTENSION OF CONTRACT TERMS AND CONDITIONS TO MEMBERS
OF THE NORTH JERSEY WASTEWATER COOPERATIVE PRICING SYSTEM
AS LISTED ABOVE OR APPROVED WITHIN CONTRACT TERM

Check here if willing to provide the goods or services herein bid upon to registered members of the North Jersey Wastewater Cooperative Pricing System (NJWWCPS) without substitution or deviation from specifications, size, features, quality, price or availability as herein set forth. It is understood that orders will be placed directly by the registered members identified herein by separate contract, subject to the overall terms of the master contract to be awarded by the Passaic Valley Sewerage Commissioners, and that no additional service or delivery charges will be allowed except as permitted by these specifications

Check here if **not** willing to extend prices to registered members of the NJWWCPS who have submitted estimates as described above. It is understood that this will not adversely affect consideration of this bid with respect to the needs of the Passaic Valley Sewerage Commissioners.

The procedure by which Contract B364 will be awarded in the event that the lowest responsible bidder, in the bid document, declines to extend prices to the registered members who submitted estimates is as follows:

The contract for the needs of the lead agency will be awarded to the lowest responsible bidder and new bids will be sought, and a master contract subsequently awarded with respect to the needs of the registered members who have submitted estimates.

Bid prices may be extended to registered members who have not submitted estimates prior to the advertisement for bids upon written approval of the lead agency and the awarded contractor. Insurance certificates and performance bonds will be required as per the enclosed bid specifications.

*****PLEASE NOTE FAILURE TO COMPLETE THIS FORM AND SUBMIT IT WITH THE BID
WILL RESULT IN REJECTION OF THE BID*****

- a. The Contractor enters into this agreement with the full knowledge of the conditions and requirements of the specifications. The specifications, proposal, instruction to bidders, etc. will prevail in all cases over any conflict between the same and the General Conditions listed hereto.
- b. The Contractor agrees that during the entire term of the contract it will pursue the work faithfully and diligently and will, at all times, have the necessary sources of supply, labor, material and machinery necessary to complete the contract in accordance with the terms of the specifications.
- c. All work done under this contract shall be done to the satisfaction of the Engineer of P.V.S.C., or a P.V.S.C. Representative who shall in all cases determine the amount, quality, acceptability and fitness of the material and work which are to be paid for hereunder and shall decide any questions which may arise as to the fulfillment of this decision thereon shall be final and conclusive. The word "Engineer" shall mean the person holding the position of Manager of Plant Engineering of the Passaic Valley Sewerage Commission, or the authorized representative.
- d. If the Contractor should be adjudged a bankrupt, or if it should make a general assignment for the benefit of its creditors, or if a receiver should be appointed on account of its insolvency, or if it should persistently or repeatedly refuse or should fail to supply enough skilled workmen or proper materials, or if it should fail to make prompt payment to subcontractors for material, labor, or equipment rental, or persistently disregard laws, ordinances, or other instructions of the Engineer, or the PVSC representative, or this contract, then P.V.S.C., upon the certificate of the Engineer or the PVSC representative that sufficient cause exists to justify such action, may without prejudice to any other right or remedy and after giving the Contractor thirty (30) days written notice, terminate the employment of the Contractor. The termination of the employment of the Contractor under the provisions of this paragraph shall not relieve the surety of its responsibility.
- e. All notices, demands, requests, instructions, approvals and claims shall be in writing. Any notice to or demand upon the Contractor shall be sufficiently given if delivered at the office of the Contractor specified in the bid (or at such other offices as the Contractor may from time to time designate to the Engineer or the PVSC representative in writing) or if deposited in the United States mail in a sealed, postage prepaid envelope, or delivered by telephone electronic/facsimile (FAX) transmission system. All papers required to be delivered to P.V.S.C. shall, unless otherwise specified to the Contractor in writing, be delivered to the office of P.V.S.C. at 600 Wilson Avenue, Newark, New Jersey and any notice to or demand upon P.V.S.C. shall be sufficiently given if delivered to the said office, or if deposited in the United States mail in a sealed, postage-prepaid envelope, certified mail, return receipt requested.
- f. No final or semi-final payment shall be made until the representative has certified to P.V.S.C. that the work has been completed by the Contractor in accordance with the requirements of the plans, specifications and contract.
